## Company The Divisions of Tyler Technologies

### People

*Tyler's comprehensive list of product and service offerings are delivered by Tyler's divisions -- CLT, Eagle, Eden, INCODE, MUNIS, TSG and Tyler Public Safety. These "best of breed" companies are all industry leaders in their own right, but work in concert to realize Tyler's goals of becoming the leader in the local government software and services market.*

The divisions of Tyler Technologies have been providing information technology solutions to cities and counties for well over 20 years. These geographically diverse companies offer a variety of products and services, but have several characteristics in common -- including strong customer relationships, a reputation for quality and service, and a history of profitable growth. Together, these market niche leaders have built the country's largest company focused solely on providing software and services to the local government market.
